# ASX Announcement

22 October 2009

## **Multiplex Prime Property Fund (ASX: MAFCA) Entitlement Offer- Supplementary Information**

Brookfield Multiplex Capital Management Limited (BMCML), the Responsible Entity of Multiplex Prime Property Fund (MAFCA or Fund), today provides Supplementary Information (Supplementary Information) in relation to the \$50.15 million Entitlement Offer (Entitlement Offer) approved at a meeting of unitholders held on 7 October 2009.

BMCML gives the Supplementary Information in light of the impending 16 November 2009 financing deadline facing the Fund, and in an effort to resolve key issues in the Takeovers Panel proceedings. BMCML believes the shortfall facility and backend bookbuild referred to below enhance the likelihood of greater dispersion of units issued under the Entitlement Offer and provide an opportunity for unitholders to increase their participation beyond their current ownership.

### **Shortfall Facility and Bookbuild**

The Supplementary Information is being provided to unitholders to illustrate the choices available to them in respect of the Entitlement Offer and the Cash-out Facility Offer and to provide additional information in relation to the following two new features that have been added to the Entitlement Offer:

- a shortfall facility (Shortfall Facility) which allows Eligible Unitholders to apply for Additional Units in addition to their Entitlement at an issue price of 0.1 cents per partly paid New Unit, giving them the option to take up New Units not taken up by other Eligible Unitholders; and
- a backend bookbuild (Bookbuild) for any remaining New Units not taken up, either through the Entitlement Offer itself or under the Shortfall Facility, that will be offered to institutional investors who are wholesale clients (within the meaning of the Corporations Act) at an issue price of 0.1 cents per partly paid New Unit.

The terms and conditions of the Shortfall Facility and the Bookbuild, including a Shortfall Facility Application Form, are provided in the Supplementary Information that will be mailed to unitholders shortly, and a copy is attached in accordance with Listing Rule 3.17. The Underwriting Agreement will continue to apply, according to its terms, in relation to any New Units not taken up under the Entitlement Offer, the Shortfall Facility or the Bookbuild.

In light of the introduction of the Shortfall Facility the timetable for acceptance of the Entitlement Offer has been extended. The revised timetable and other important dates in relation to the Entitlement Offer are set out overleaf.

Trading in the Fund's units on ASX will be suspended from 5 November 2009 to 12 November 2009, inclusive, as a result of a condition imposed by the ASX in relation to the Entitlement Offer.

Entitlement Offer closes	4 November 2009, 5pm AEDT
Bookbuild	9 November 2009, after close of trading
Allotment of New Units	12 November 2009
Last day for acceptance under the Cash-out Facility Offer	19 November 2009

BMCML reserves the right, subject to the Corporations Act, the ASX Listing Rules, and other applicable laws, to vary these dates in consultation with the Underwriter.

The terms of the Entitlement Offer are set out in the Offer Booklet (Offer Booklet) which was sent to all Unitholders on 19 October 2009 and is available at [www.asx.com.au](http://www.asx.com.au) and [www.brookfieldmultiplex.com](http://www.brookfieldmultiplex.com). The Supplementary Information will similarly be available at those websites.

#### **ASIC Relief**

BMCML advises that it is in the process of applying to ASIC for relief and a modification to the law such that the acquisition of Units by the Underwriter pursuant to the Cash-out Facility Offer need not be approved at a meeting of members of the Fund. This is as foreshadowed in Annexure B of the Offer Booklet.

#### **Re-opening of the Entitlement Offer**

As announced on 21 October 2009, BMCML undertook to the Takeovers Panel not to allot or issue units under the Entitlement Offer or process applications under the Cash-out Facility Offer on the terms set out in the media release by the Takeovers Panel to the market on 20 October 2009. In accordance with the terms of that undertaking, BMCML will today be giving the Takeovers Panel two business days' notice of its intention to withdraw that undertaking.

Unitholders are encouraged to read the Offer Booklet and the Supplementary Information in full before deciding whether to invest in the Entitlement Offer or participate in the Shortfall Facility or to accept the Cash-out Facility Offer. In particular unitholders should consider the risk factors (summarised in the Offer Booklet) that would affect the financial performance and position of the Fund in light of their investment objectives, financial situation and particular needs (including financial and tax considerations) and seek investment advice from financial or other professional advisers.

Dear Unitholder

## **SUPPLEMENTARY INFORMATION INCLUDING AN OFFER TO ELIGIBLE UNITHOLDERS TO APPLY FOR ADDITIONAL UNITS**

Brookfield Multiplex Capital Management Limited (**Responsible Entity**) as responsible entity for Multiplex Prime Property Fund (**Fund**), takes this opportunity to thank the many unitholders that supported the Entitlement Offer at the meeting held on 7 October 2009, the successful completion of which will provide the Fund with increased financial stability.

You should have recently received the Offer Booklet dated 7 October 2009 for the Entitlement Offer (**Offer Booklet**) issued by the Responsible Entity. This letter provides supplementary information regarding the Entitlement Offer and should be read in conjunction with the Offer Booklet. Capitalised terms in this document have the meaning given in the Offer Booklet.

The Entitlement Offer is an invitation to all Eligible Unitholders to participate in an underwritten non-renounceable 178 for 1 issue of New Units in the Fund at the Entitlement Offer Price of 0.1 cents per New Unit. New Units are issued under a partly-paid structure, with a subsequent final instalment payable per New Unit of 0.2237 cents.

Eligible Unitholders are unitholders with a registered address in Australia or New Zealand on the Record Date (being 7pm AEDT on 16 October 2009). Further, the Entitlement Offer is not an offer or invitation in the United States, or to any person acting for the account or benefit of a person in the United States, or in any other place or jurisdiction which, or to any person to whom, it would not be lawful to make such an offer or invitation.

Since the Entitlement Offer was announced to the market, the Takeovers Panel has commenced proceedings following an application by Australian Style Investments Pty Limited for a declaration of unacceptable circumstances in relation to the Entitlement Offer. Grocon Investment Management Pty Limited was admitted as a party to those proceedings. Due to the impending 16 November 2009 re-financing deadline facing the Fund, and in an effort to resolve the key issues in the proceedings, the Responsible Entity has added two new features to the Entitlement Offer, as described below.

### **Offer to apply for New Units under the Shortfall Facility**

The Responsible Entity is pleased to advise Eligible Unitholders that they are now able to apply for New Units in excess of their Entitlement under the Entitlement Offer. The New Units are being offered to Eligible Unitholders under the terms of a shortfall facility (**Shortfall Facility**) described in this letter. Further information on the Shortfall Facility is set out under the heading "Shortfall Facility" below.

In order to give Eligible Unitholders additional time to consider whether or not they wish to apply for New Units under the Shortfall Facility, the Entitlement Offer closing date has been extended to Wednesday 4 November 2009. Please refer to the timetable below for further information.

### **Institutional Bookbuild**

The Responsible Entity also advises that it proposes to conduct a bookbuild of any New Units not taken up through the Entitlement Offer itself or under the Shortfall Facility ("**Bookbuild**") pursuant to which certain institutional investors who are "wholesale clients" may bid for New Units in respect of those Entitlements at the Entitlement Offer Price. The bookbuild is described in further detail under the heading "Bookbuild" below.

### Other supplementary information

Additionally, further information in relation to the trading history of units in the Fund is provided below.

The Directors of the Responsible Entity strongly recommend the Entitlement Offer as no superior offer is presently available that is capable of completion prior to 16 November 2009, being the date on which the conditional waiver of the Fund's covenant breaches under its Debt Facility expires. In the event that a superior offer is made to the Responsible Entity which better serves the interests of the Fund's unitholders, the Responsible Entity may at any time determine that the Entitlement Offer is no longer to proceed.

### Choices available to Eligible Unitholders

To assist in deciding how you may respond to the Entitlement Offer, set out below are the options which exist for an Eligible Unitholder:

#### (a) **Apply for all or part of your Entitlement under the Entitlement Offer**

You may apply for all or part of your Entitlement by completing the personalised application form which accompanies the Offer Booklet. Your Entitlement is for 178 New Units for each Existing Unit you held as at 7.00pm AEDT on Friday, 16 October 2009. This is set out on the personalised application form. For every 178 New Units you acquire you will be required to pay 17.8 cents upon application and a final instalment in respect of those New Units of 0.2237 cents per New Unit (i.e. a total final instalment of 39.82 cents for every 178 Units). The final instalment is due on 15 June 2011 but may be called earlier if any one of certain acceleration events occurs as described in the Offer Booklet.

If you acquire all of your Entitlement your interest in the Fund in terms of both your percentage interest in the Fund and the net tangible asset value of your holding will not be diluted.

Eligible Unitholders should note that, in order to maintain their percentage interest in the Fund, they will need to acquire all of their Entitlement. An Eligible Unitholder who elects to acquire all of their Entitlement will need to pay:

- upon application, 17.8 cents for each Existing Unit they hold; and
- when the final instalment becomes due, 0.2237 cents for each Existing Unit or New Unit they then hold (i.e. a total final instalment payable on 179 Units of 40.04 cents as opposed to the 40 cent final instalment that they would otherwise need to pay on each Existing Unit had the Entitlement Offer and reorganisation of the final instalment not occurred).

#### (b) **Shortfall Facility**

The Responsible Entity is offering Eligible Unitholders the ability to apply for New Units in excess of their Entitlement under the Entitlement Offer by way of a Shortfall Facility.

The Shortfall Facility is open to all Eligible Unitholders as at the Record Date (7.00 pm AEDT on 16 October 2009) and has the following features:

- (i) the Shortfall Facility is comprised of Entitlements to New Units not taken up by Eligible Unitholders under the Entitlement Offer (**shortfall pool**);
- (ii) the issue price of New Units under the Shortfall Facility is equal to 0.1 cents per New Unit (the same as the issue price for New Units under the Entitlement Offer). A final instalment of 0.2237 cents per New Unit will be payable in respect of those New Units;
- (iii) applicants must apply for New Units using the Shortfall Facility Application Form and pay the application monies by cheque or BPay in accordance with the instructions on that form;

- (iv) the Responsible Entity will have the discretion to reject applications under the Shortfall Facility if in the opinion of the Responsible Entity:
  - (A) an applicant has sought to obtain a larger Entitlement than it would otherwise be entitled to, whether through means of unit-splitting, aggregation of entitlements or otherwise; or
  - (B) an applicant or a third party has engaged in any other activity that is designed to circumvent the intention behind the Shortfall Facility, being to make additional New Units available to Eligible Unitholders only;
- (v) if the shortfall pool is not sufficient to meet all applications under the Shortfall Facility, the number of New Units an applicant will receive will be subject to scaleback based on the applicant's Record Date unitholding relative to the unitholdings of all Eligible Unitholders who subscribe for New Units under the Shortfall Facility;
- (vi) there will be no allocation to an Eligible Unitholder if (and only to the extent that) in the opinion of the Responsible Entity:
  - (A) this would cause a person's voting power (within the meaning of the Corporations Act) in the Fund to exceed 20%;
  - (B) this would cause a breach of any relevant law; or
  - (C) this would lead to any person, other than a member of the Brookfield Multiplex Group, holding voting power in the Fund of at least 50% in circumstances where that would entitle the lenders under the Debt Facility to determine that the loan covenant waiver previously provided by them no longer applies (further details of that loan covenant waiver are set out in section 4.7 of the Offer Booklet).

An Eligible Unitholder may increase their holding in MAFCA if they successfully apply for their Entitlement in full under the Entitlement Offer and apply, and are allotted, units under the Shortfall Facility. You do not need to participate in the Shortfall Facility to avoid dilution.

You may apply for additional New Units under the Shortfall Facility at 0.1 cents per unit irrespective of whether you apply for your Entitlement under the Entitlement Offer. An application form headed "Shortfall Facility Application Form" is enclosed with this letter. If you intend to apply for New Units under the Shortfall Facility in addition to your Entitlement you will need to complete and lodge both the Application Form that was enclosed with the Offer Booklet as referred to in (a) above and the Shortfall Facility Application Form which is enclosed with this letter. On the Shortfall Facility Application Form you should fill out the number of additional New Units above your Entitlement for which you are applying and pay the sum of 0.1 cents for each of these additional New Units in accordance with the instructions in the Shortfall Facility Application Form.

There is no assurance that you will receive all or any New Units applied for in excess of your Entitlement. If scaleback applies, you will be repaid the relevant portion of your Shortfall Facility application monies without interest. By applying under the Shortfall Facility you authorise the Responsible Entity to deposit any refund owing to you in any bank account the details of which you have previously provided or by cheque to your registered address (at the Responsible Entity's election).

(c) **Make no application for New Units**

If you do not apply for your full Entitlement, your percentage holding in the Fund and the net tangible asset value of your Existing Units in the Fund will be diluted.

(d) **Sell your Existing Units pursuant to the Cash-out Facility Offer**

If you do not participate in the Entitlement Offer, you may choose to accept the conditional offer made by Brookfield Multiplex Capital Management Limited as agent for the Underwriter to sell some or all of your Existing Units to the Underwriter at the price of 0.1 cents per Existing Unit.

The Cash-out Facility Offer is subject to a number of terms and conditions which are set out in Annexures A and B of the Offer Booklet. In addition, certain supplementary disclosure in relation to the Cash-out Facility Offer is being sent to you on or about the date of this letter in accordance with regulatory requirements.

To participate in the Cash-out Facility Offer you will need to complete the Cash-out Facility Acceptance Form which was enclosed with the Offer Booklet in accordance with the instructions in the Cash-out Facility Acceptance Form.

The Responsible Entity advises that it is in the process of applying to ASIC for relief and a modification to the law which, if successful, will mean that the acquisition of Existing Units by the Underwriter pursuant to the Cash-out Facility Offer need not be approved at a meeting of members of the Fund. Please refer to Annexure B of the Offer Booklet for further information.

**(e) Sell your Existing Units on ASX or off-market**

Whether you participate in the Entitlement Offer or not, you are entitled to sell your Existing Units on the ASX or off-market if a purchaser is available.

In certain circumstances there is the risk that the Fund may cease to be listed on ASX and you should read all risks associated with the Entitlement Offer in the Offer Booklet.

If the Entitlement Offer is successfully completed the liability on your Existing Units will be reduced from 40 cents per Unit to 0.2237 cents per Existing Unit whether or not you apply for any New Units.

If you are considering acquiring New Units or selling all or some of your Existing Units under the Cash-out Facility Offer you should read the Offer Booklet (including section 6, which sets out certain risks) for more information. The Offer Booklet contains important information in relation to the Entitlement Offer and Cash-out Facility Offer. You should read it in its entirety carefully before making any decision whether to increase or decrease your holding in the Fund or accept the offer under the Cash-out Facility Offer and you should obtain independent advice.

In particular, in the event that the Entitlement Offer is not completed, the final instalment on your Existing Units will not be reduced from 40 cents per Existing Unit and Eligible Unitholders risk the payment of the 40 cents call per Existing Unit being accelerated from its current payment date of 15 June 2011.

**Bookbuild**

The Responsible Entity will conduct the Bookbuild for any New Units not taken up, either through the Entitlement Offer itself or under the Shortfall Facility. The Bookbuild is intended to have the following key features:

- (a) to be conducted by an appropriate holder of an Australian financial services licence selected by the Responsible Entity, in the manner that bookbuilds are normally conducted in Australia by professional bookrunners;
- (b) will be offered only to institutional investors who are "wholesale clients" (within the meaning of the Corporations Act);
- (c) the offer price of New Units under the Bookbuild is equal to 0.1 cents per New Unit (the same as the issue price for New Units under the Entitlement Offer). A final instalment of 0.2237 cents per New Unit will be payable in respect of those New Units. Settlement for New Units will occur on a delivery versus payment basis;
- (d) there will be no allocation to an investor under the Bookbuild if (and only to the extent that) in the opinion of the Responsible Entity:
  - (i) this would cause a person's voting power (within the meaning of the Corporations Act) in the Fund to exceed 20%;
  - (ii) this would cause a breach of any relevant law; or
  - (iii) this would lead to any person, other than a member of the Brookfield Multiplex Group, holding voting power in the Fund of at least 50% in circumstances where that would entitle the lenders under the Debt Facility to determine that the loan covenant waiver previously provided by them no longer applies;
- (e) it will occur only after allocations under the Entitlement Offer and Shortfall Facility are known. The Bookbuild is expected to be conducted after market close on the day the notice of any shortfall is given to ASX, which is expected to be 9 November 2009; and

- (f) a person who subscribes under the Bookbuild for New Units that would lead to it acquiring a substantial holding (as that term is defined in the Corporations Act) in the Fund, will only be allocated New Units in excess of the level at which they would acquire a substantial holding if they:
- (i) issue a public statement to ASX stating definitively that they will, or authorise the Responsible Entity to issue a public statement to ASX on their behalf stating definitively that they will hold their New Units until the earlier of:
    - (a) the “record date” for determining who is liable to pay the final instalment under the New Units; or
    - (b) the date upon which it has disposed of all of those New Units (provided that it may only do so in on-market transactions undertaken in the ordinary course of business on the stock market of a securities exchange or by Crossings permitted under section 17 of the ASX Market Rules or pursuant to a bona fide takeover bid);
  - (ii) either demonstrate, to the reasonable satisfaction of the Responsible Entity, that they have (or will have) the financial ability to pay the final instalment on the New Units when it becomes due and payable or provide a guarantee and indemnity from a parent entity or other entity of substance, to the reasonable satisfaction of the Responsible Entity, in respect of the obligations to pay the final instalment on the New Units.

The Responsible Entity, with the consent of the Underwriter, will have the discretion to waive any of the conditions in paragraph (iv) of the Shortfall Facility terms above or paragraph (f) of the Bookbuild terms above.

All New Units not taken up under the Entitlement Offer, Shortfall Facility and Bookbuild will be taken up by the Underwriter in accordance with and subject to the terms of the Underwriting Agreement.
